

## General Population FAQs

Q. How do I determine if a minor patient is considered a youth sports participant?

A. Ask the minor if he or she participates in a sports activity organized by a youth sports organization. (See definition of Youth Sports Organization under the Youth Sports Participants heading.)

Q. Do I need specific training to treat a concussed individual if the individual is not a youth sports participant?

A. Yes, you must maintain a level of CE that keeps pace with the evolving topic of concussion management.

Q. Where can I find concussion management CE?

A. There are many resources for concussion management education. The websites for the [Ohio Department of Health](#), [the Centers for Disease Control and Prevention](#), chiropractic colleges and other educational institutions, etc. all have educational resources for concussion management. (See Important Links)

Q. Can I treat a 20 year old who suffered a concussion while playing volleyball in a city league?

A. Yes, the individual does not meet the definition of a youth sports participant.

Q. Is a minor considered a youth sports participant if he plays rec ball for our city league?

A. Yes.
